Rules & Regulations: All entries must be registered by the American Shorthorn Association and be clearly identified with a tag or tattoo prior to arrival at the feedlot. All calves must be castrated, dehorned, and weigh at least 500 pounds upon delivery. Animals must be treated for internal and external parasites and immunized for: IBR, BVD, PI3, BRSV (All Modified Live Virus), Pasteurella multocida and Mannheimia hemolytica bacterin toxoids, Clostridium Chauvoei, Septicum (Blackleg and malignant edema), and Clostridium Perfringes (Type C&D). Steers & heifers need to be free of warts, ringworm, and mange. A veterinary statement on vaccinations must accompany the cattle.
