- 8) Steers will be weighed at the beginning of check-in on check-in day. Once each of an exhibitor's registration papers have been "Tattoo Verified" at the stalls by show officials, exhibitors may bring their registration papers and health papers to the processing area. Show officials will circulate throughout the barn by state, checking tattoos on animals that have not been previously "Tattoo Verified." Exhibitors must be present at their stalls to have their tattoos checked.
- 9) General health requirements for the state in which the show is held will be followed. Current health papers must accompany the animals at the show.
- 10) All members of the AJSA in attendance at the Junior Nationals are expected to conduct themselves in a manner becoming an AJSA member and abide by the on-site directives of the host state. Violations of these standards include, but are not limited to: misrepresentation of animals, vandalism, theft, fighting, unsportsmanlike conduct, failure to comply with the directives of officials, being under the influence of intoxicating or prohibited substances, or willful violation of rules. Failure to adhere to the above regulations may lead to disciplinary actions, which may include expulsion from the event at the discretion of the AJSA/ASA staff and/or a disciplinary committee.
- 11) Exhibitor must show his/her own animals unless excused by the ASA Activities Director. Only exhibitors who are in attendance at the Junior National and are physically unable to show the animals due to illness or injury, with a doctor's note as confirmation, will be excused. The animal may be shown only by a family member of the owner if such a family member is present at the Junior National and is an AJSA member. If this family member doesn't exist, the owner may secure another junior member to show his/her animals if excused by ASA Activities Director or if exhibitor has more than one entry in the same class. Written explanation and doctor's note must be given to the ASA Activities Director prior to the show in cases of illness or injury.
- 12) All exhibitors must wear the official 2011 Junior National Shirt when showing entries, excluding showmanship and team fitting. Every exhibitor must also wear the correct show number in a show harness for all shows. (These back numbers are specific to the individual animal being shown)
- 13) Any exhibitor who loses control of his/her entry three times in a single appearance in the show ring (calf gets away) will be required to remove the animal from the ring. For the sake of safety of all exhibitors and spectators, this rule will be at the discretion at the AJSA staff and directors.
- 14) Exhibitors are NOT permitted to have help or assistance handling their animals from anyone but show officials, unless they have a physical or mental handicap or are otherwise impaired. Size/age alone is not considered a valid impairment. All exhibitors who meet the qualifications for allowing assistance and plan to do so must give prior notification to the ASA Director of Activities.

- 15) The American Shorthorn Association reserves the right to disqualify any animal that has been fitted in an unethical manner. Unethical fitting situations include: a) Any altering of the natural color of the animal by the use of dyes, paints, hair coloring conditions, colored show foam, graphite, colored powders or other substances; b) The addition of any hair or hair like substances (including twine), false tailheads, and false polls (false tail switches are allowed); c) The cutting, tearing or gluing of the hide or underneath the hide or removal of tissue in an attempt to alter the shape of the animal; d) The injection of any gas, solid or liquid under the hide to alter the normal conformation; e) Any attempt to disrupt or change the normal dental development of the animal; f) Any products/solutions/liquids administered internally or externally to alter the conformation of the animal is prohibited. This includes the use of steroids, growth promotants and the act of artificially filling animals internally, which would include stomach pumping, drench tubes, or any other method per os (by esophagus).
- 16) Any animal that reaches the entrance of the show ring after the judge has given the sign for the animals to walk will be disqualified from competition.
