

Entering Weaning and Yearling weights on paper

After you register an animal you will receive a **Weaning/Yearling and Registration Application** at the end of the month. This sheet gives you the following opportunities:

Weaning Information

- Weaning Weight
- Hip Height

Yearling Information

- Yearling Weight
- Scrotal Circumference
- Hip Height
- Calf Disposal

When you turn these weights on this sheet back to us you will then receive another sheet called the **Performance Report**. This sheet will show all your weights you have recorded for that calf crop along with there ratios, ADJ, WPDA, ranking within the contemporary group, and the individual animals EPD's.
